K. N. C. NOTES.

Lloyd Salyers, of Salyersville, has
enrolled as a student in the Kentucky
Normal College.

The members of the Classic
class spoke last Friday upon the
following subjects: E. W. Pendleton,
"A Philosophical Study of Haw-
thorne and his Writings"; Margar-
aret Lackey, "Greek Drama"; A.
C. Davis, "Attic Greek Literature";
Ed. K. Spencer, "Latin Scientists."

Mrs. Hannah M. Lackey and her
mother, Mrs. Moore, were guests
of the Classic Friday. They listen-
ed to addresses by several members
of the class and expressed their
pleasure at being present. In these
ladies the classes find competent and
appreciative auditors and are al-
ways pleased with their visits.

The Jefferson Debating Society
met Saturday and debated the fol-
lowing: Resolved, "That the Amer-
ican Republic was greater than
was the ancient Rome." E. W. Pen-
dleton and Will Caudill speaking
on the affirmative, Otto Gartin and
W. S. Goodman upon the negative.
After due deliberation the decision
was given the affirmative. After
the debate officers were elected:
B. F. Fugate, Vice President; and
Creed Gearheart, Secretary. Messrs.
Caudill and Fugate made speeches
thanking the retiring officers for
their past good work, which was
responded to in a neat little speech,
by Otto Gartin.

The "Old Fiddlers' Contest" will
be held Saturday, March 20th, 7
p. m. at the public school building
and promises to be interesting in
the extreme. Already five excellent
fiddlers have agreed to take part in
the contest and there will be a
treat in store for all who attend
such as is rarely given. The ad-
mission charged will be 15c and 25c,
the entire proceeds of the evening
going to purchase teachers' desks
and chairs for the new building.
The prize will be a ten dollar gold
piece and each fiddler is sure of
the money. All come, enjoy your-
selves, and help swell the fund to
be used exclusively for the above
mentioned purpose.

The spring session of the Kentucky
Normal College will open March 15,
and promises to be one of the most
prosperous in the history of the
school. The new college building will
have been completed by that time
and the commodious rooms will add
greatly to the facilities of the
college. A large number of students
is expected for the spring drill and
preparations are being made to ac-
commodate them. It seems impossi-
ble for the excellent work of the
past term to be surpassed, but the
teachers of the Normal department

say the spring term will eclipse any
yet. All come and receive the splen-
did drill which the K. N. C. affords.

DODGED OFFICERS.

Grover Little Gets Advance In-
formation of Requisition
Warrant.

A Deputy Sheriff from Chamberlain,
South Dakota, accompanied by a
guard, arrived in Charleston, W.
Va., a day or two ago, with a re-
quisition from the Governor of South
Dakota asking for the necessary pa-
pers for the arrest of Grover Little,
of Yorkville, a settlement in W. Va.,
a few miles east of Fort Gay. The
warrant was issued, but the news
beat the officers to the man they
wanted and he fled. The crime
for which Little is wanted is crim-
inal assault upon Miss Emma Ja-
cobs, a school teacher, who is said
to have been attacked by him
last August.

EASY TO MIX

This Simple Recipe for Didney or
Bladder Trouble or Rheumatism

What will appear very interest-
ing to many people here is the
article taken from a New York daily
paper, giving a simple prescription
which is said to be a positive reme-
dy for backache or kidney or blad-
der derangement, if taken before the
stage of Bright's disease.

Fluid Extract Dandelion, one-half
ounce; Compound Kargon, one ounce;
Compound Syrup Sarsaparilla, three
ounces. Shake well in a bottle and
take in teaspoonful doses after each
meal and at bedtime.

A well known druggist here at
home, when asked regarding this
prescription, stated that the in-
gredients are all harmless, and can
be obtained at a small cost from
and good prescription pharmacy,
or the prescription would be put
up if asked to do so. He further
stated that while this prescription
is often prescribed for rheumatic
afflictions, he could not see why
it would not be a splendid remedy
for kidney and urinary troubles
and backache, as he has a peculiar
action upon the kidney structure,
cleansing these most important
organs and helping them to sift
and filter from the blood the
foul acids and waste matter which
cause sickness and suffering. Those
of our readers who suffer can make
no mistake in giving it a trial.

Fort Gay.

Born on the 4th, to Mr. and Mrs.
L. McNamara, a son, Also, on
the 2nd, to Alex Robinet and wife, a
son.

A. V. Osborn's baby, age three
weeks, is very ill with whooping-
cough.

Mrs. W. E. Wellman died of stom-
ach trouble, leaving a husband and
five small children.

Sheriff S. J. Crum is having his
two dwelling houses moved from the
river front to lots facing on Cass
street.

Sam Kinster has returned from
Moundsville, having been paroled af-
ter serving 14 months of his sen-
tence for killing Davis Bartram.

Mrs. J. S. Billups, who has been
sick for some time is better.

Tree Pruning.

As this is the season for tree
pruning, possibly these few hints
may not be amiss: Trim a little ev-
ery year, rather than much in one
year, peach trees require more prun-
ing than most trees; at least one-
half of the new growth should be
removed each season. Cherry trees
require the least pruning; merely
cut out dead, broken or "crossed"
limbs. Other trees need a judicious
thinning out and, sometimes, cutting
back. If two branches interlock
remove the smaller one. Avoid
cutting so as to leave "stubs";
make neat cut close to union; paint
all large wounds. Be sharp of cut-
ting off large limbs; if it must be
done, saw on under side first, part-
ly through, and then saw above.
Prune now or in June. Spring
trimming induces wood growth.
Which do you want? (Note: On
young trees you should want only
wood growth until they are of good
size and fully able to endure the
strain of fruit-bearing.)

NIGHT ON BALD MOUNTAIN.

On a lonely night Alex Benton,
of Ft. Edward, N. Y., climbed Bald
mountain to the home of a neighbor,
tortured with asthma, bent on curing
him with Dr. King's New Discovery,
that had cured himself of asthma.
This wonderful medicine soon relieved
and quickly cured his neighbor. La-
ter it cured his son's wife of a severe
lung trouble. Millions believe its the
greatest Throat and Lung cure on
earth. Coughs, colds, croup, hemor-
rhages and sore lungs are surely cured
by it. Best for hay fever, grip and
whooping cough. 50c and \$1. Trial
bottle free. Guaranteed by A. M.
Hughes, Louisa, Ky.
